

Father's day is getting close and I'm sure like me many of you have been racking your brain to figure out what to get for dad. I'm Melissa from NorthlineExpress and because I have a dad that is super hard to shop for (if he needs it he gets it). So I have decided to put together a list of gift ideas that will work for all types of dads, and I promise none of my ideas will involve ties or golf balls. After all there are only so many golf balls and ties that one person can receive in their lifetime.

I will start with a small gadget that will work for dads who love to be outdoors, the ThermaCell Hand Held Mosquito Repellent [Appliance](#). Whether your dad loves to fish, hike, hunt, hit the green, or camp this little device will work and provide him with 225 sq. ft. of mosquito protection. It's compact enough that it can be kept in the car and will provide mosquito and other biting insect protection without having to apply sprays and lotions, which we all know guys love.

Does your dad love to man the grill? He may think he has seen it all when it comes to charcoal grills but has he seen the [Son of Hibachi BBQ System](#)? If the name alone isn't enough to make you want it let me tell you a little more about the most versatile charcoal barbecuing systems on the market. The ingenious blast furnace concept simulates the effect of a chimney and enables you to be cooking in less than 10 minutes. With 170 sq. in. of cooking surface and a convertible roasting oven, this power house barbecue can cook almost anything your dad can dream up! And talk about easy clean up, when you are finished cooking, this grill folds into a self-cleaning oven and self-extinguishing barbecue. On top of that, the Son of Hibachi saves the unused charcoal for later use with their Snuff-Out-Pouch. This saves you time and money.

Does your dad have a truck that he loves? Why not get him some man furniture that he can use with his truck. This [Hammaka Hitch Stand/Cradle Chair](#) set with trailer hitch stand will make him the envy of all at the next tailgate party, fireworks show, fishing and camping trips, and more! It attaches to any standard 2" x 2" trailer hitch receiver and can be used with one or two hanging chairs!

Does your dad keep collecting things and running out of places to store them all? Why not get your dad a [portable storage shed](#) so that he can keep collecting car parts, power tools, hunting and fishing supplies, and other manly stuff. You can get them as small as 6' x 6' up to 22' x 24' so there is sure to be a size to fit your dad's storage needs.

Do you have a dad who loves power equipment? Why not get him a new [log splitter](#) so he can keep firewood stock piled for bonfires or to keep the home fires burning in the colder months. The WoodEze 7-Ton Electric Log Splitter is portable but still powerful enough to split logs up to 24" Diameter. If your dad is into bigger power equipment, check out the Dirty Hand Tools 27 Ton Log Splitter.

Whether your dad likes to hit the green or hit the woods you're sure to find something he will love, that isn't a tie, at northlineexpress.com. We also want to help you give your dad something great this year so we're offering special father's day savings. Use promo code 2015DAD at the check out to save \$10 on orders \$150 or more. This coupon is good through 6/21. These father's day savings are another great promotion from NorthlineExpress, home of the buy and try satisfaction guarantee.
