

**www.NorthlineExpress.com**

Hello I'm Melissa from NorthlineExpress here with a great reason that you should stock up on mosquito barrier this season. Right now when you purchase a gallon of mosquito barrier, we're going to throw in an additional quart absolutely free! Mosquito Barrier is a 100% organic way to keep the three main outdoor pests out of your outdoor living space. Those three main outdoor pests are mosquitoes, fleas, and ticks. All of which not only pose health concerns for humans, but for our pets as well.

It is a very easy product to use. Barrier allows you to spend more time enjoying your back yard and less time worrying about the health risks of mosquitoes, fleas, and ticks. It is also a 100% organic product, which is its own benefit right there. You do not have to worry about harmful chemicals being used around yourself, your pet, or your plants. This is especially nice if you are going to use it around vegetable gardens, no chemicals added to the food that you're going to ingest.

This is a great product, one that I have personally used for years with great results! This is also a great offer for mosquito barrier! But hurry the offer is only going to last from June 20<sup>th</sup> through July 4<sup>th</sup>. So make sure that you are stocking up on mosquito barrier so you can put the worries of mosquitoes, fleas, and ticks behind you!

**What are you waiting for?? Get your barrier now, before this promo ends!**
